SECTION I: General Transfer Information

Transport Date: _____ Receiving Physician: _____

Origin Facility: _____ Destination Facility: _____

Origin City/State: _____ Destination City/State: _____

Doctor/Provider: _____ Unit/Room #: _____

Closest appropriate facility? ____ Yes ____ No If no, reason for bypassing the closest appropriate facility? _____

Hospital to hospital transfer, services available at 2nd facility not available at originating: _____

Hospice patient transfer, is this transport related to the patient's terminal illness? ____ Yes ____ No Terminal Diagnosis: _____

DIAGNOSIS of the patient AT THE TIME OF TRANSPORT that requires transport by AMBULANCE: _____

SECTION II: Medical Necessity Questionnaire *(Select at least one -or- ALL that apply)*

☐ Requires treatment/assessments by trained EMS providers during transport

☐ Exhibiting signs of decreased level of consciousness Decreased LOC cause: _____

☐ The patient is "bed confined". (The patient must be unable to get up from the bed without assistance, unable to ambulate AND unable to sit in a chair. NOTE: Bed confinement alone does not meet medical necessity for stretcher transport.)

Position of patient required during transport, if unable to hold self up: _____

☐ Unable to sit or hold self in place, even with seatbelts, due to (Check all that apply)

____ Paralysis ____ Contracture ____ Other: _____ Body Location(s): _____

☐ Can only be moved by stretcher Reason: _____

☐ Special Handling/Positioning Required

Fracture of the: _____ Positioning required during transport: _____

Decubitus Ulcer Location: _____ Stage: _____ Positioning required during transport: _____

SECTION III: Treatments/Assessments Required by EMS Providers During Transport

☐ Constant reassessment required - patient's condition/diagnosis risks rapid change in condition and/or deterioration ____ ALS ____ BLS Required Management

☐ Oxygen Required _____ LPM via _____ ☐ CPAP/BiPAP IPAP _____ EPAP _____ Pressure Settings

☐ Cardiac Monitoring Required ____ 4-Lead ____ 12-Lead

☐ IV medications required during ambulance transport

Medication #1: _____ Dose: _____ Frequency: _____ Route: _____

Medication #2: _____ Dose: _____ Frequency: _____ Route: _____

☐ Manage/Monitor Intubated Airway Vent Settings: Candy only.

☐ Restraints Required ____ Physical ____ Chemical Reason: _____

☐ One-on-one supervision ____ Seizures ____ Danger to Self/Others ____ Dementia/Alzheimer's ____ Elopement Risk

☐ Isolations Precautions ____ Standard Precaution ____ Contact Precaution ____ Droplet Precaution ____ Airborne Precaution

I certify that the above information is true and correct based on my evaluation of this patient and represent that the patient requires transport by ambulance and that other forms of transport are contraindicated. I understand that this information will be used by the Centers of Medicare & Medicaid Services (CMS) to support the determination of medical necessity for ambulance services, and I represent that I have personal knowledge of the patient's condition at the time of transport.

_____ Signature of Physician or Healthcare Professional

_____ Printed Name and Credentials of Physician/Provider (i.e. MD or DO)

_____ Date Signed

**This form must be signed only by the patient's attending Physician, Nurse Practitioner, or Physician Assistant for non-repetitive, unscheduled ambulance transports. Only a Physician may sign for repetitive or scheduled non-emergent ambulance transport.*

EMTALA PLUS FORM – Kansas

LCHS

Logan County Hospital

211 Cherry Ave•Oakley, KS 67748•Phone 785-672-3211•Fax 785-672-8184

Patient Arrival / Departure

Patient's Arrival Date and Time at Sending Facility:

Arrival Date: Time: *24 hour time*

Patient's Departure Date and Time from Sending Facility:

Departure Date: Time: *24 hour time*

Destination Room, Unit and/or Procedural Area (i.e. cath lab) if known: _____

☐ Emergency Room ☐ Other: _____

Patient Condition

☐ The patient has been provided medical treatment to minimize the risk to the individual's health (and in the case of pregnancy, the unborn child) within the sending hospital's capability to minimize the risks of the transfer (Unstable).

☐ No material deterioration of the patient's condition is likely to result from the transfer (if the patient is pregnant, delivery is not imminent and there is adequate time to effect a safe transfer before delivery). (Stable)

Reason for Transfer of Unstable Patient

☐ Higher level of care is required/sending hospital lacks capacity (complete Physician / QMP certification below. Obtain patient consent to transfer, if possible).

☐ Patient / responsible person's request for transfer against medical advice (Complete AMA form).

EMERGENCY DEPARTMENT TRANSFERS

Physician or Qualified Medical Person (QMP) Certification

I certify that based upon the information available at the time of the transfer, the medical benefits reasonably expected from transfer and treatment at the receiving facility, outweigh the increased risk, if any, to the patient or in the case of a pregnancy, including the unborn child.

Signature of Physician or QMP (in consultation with Physician): _____

Print Name: _____

Date: Time: *24 hour time*

Countersignature of Physician that QMP certified (Obtaining countersignature within 72 hours is best practice): _____

Print Name: _____

Date: Time: *24 hour time*

Receiving Facility Acceptance of Transfer

Receiving facility that has agreed to accept the transfer, has available space, and has qualified personnel for the treatment of this patient.

Print name of physician accepting transfer: _____

Date: Time: *24 hour time*

Print name of receiving facility: _____

Print City: Print State:

Sending Nurse Information and Nurse to Nurse Report

Transferring nurse signature: _____

Print name: _____

Date/Time: *24 hour time*

Print name of nurse receiving report: _____

Transfer Method Determined by Physician

Qualified personnel with appropriate medical equipment who will be able to provide necessary and appropriate life support measures will transfer the patient.

Transfer Initiated: Date: Time: *24 hour time*

☐ BLS agency (ground) ☐ ALS staff (ground)

☐ Additional staff: _____

☐ Helicopter ☐ Fixed Wing ☐ Other Agency (air): _____

☐ Other: _____

Name of company transporting and contact information

Transporting Company name: _____

Contact number: _____

Patient Consent or Refusal

I understand that all transfers have risks, my condition may worsen, and a vehicular accident or equipment failure may occur. If I am pregnant and in labor, I understand I may progress to delivery during transfer. Additional risks are as follows: _____

I have been offered and received a medical screening and treatment by a physician or qualified medical person, and have been informed of and understand the reasons for my transfer. I hereby:

☐ Consent to transfer.

☐ Refuse examination or treatment to stabilize my condition, and/or request transfer to another facility (Complete AMA form).

Patient / Responsible Person Signature: _____

Print name / relationship of responsible person: _____

Cell Phone Number: _____

Date: Time: *24 hour time*

Witnesses: one witness if patient/responsible person signs, and two witnesses if phone consent by responsible person is provided.

1st Witness signature: _____

Witness print name: _____

Date: Time: *24 hour time*

2nd Witness signature: _____

Witness print name: _____

Date: Time: *24 hour time*
